Hello everyone,

We are plagued by mosquitoes at school and at home, but have found a successful natural recipe on the internet. Our School has been treated and we have seen a decrease of mozzies.

If you are interested, the recipe is as follows:

- 1 Litre of **BLUE** (can be cheap) Mouthwash.
- 3 Cups of Epsom Salts.
- 3 x 330ml. Bottles of **FLAT BEER**.

Mix **ALL TOGETHER**—when Epsom Salts have dissolved, start spraying!!

Next Week:

**Tuesday** is **MELBOURNE CUP DAY** and we are having a day at the races at School. It is a Dress-Up day and we will be working on Numeracy and Literacy Activities related to the **MELBOURNE CUP**. Please bring a plate to share for Lunch as we’ll be dining out at the Races.

**Wednesday**: is an Excursion into Bendigo to see Cinderella the Opera at the Capital Theatre. We will have lunch at Lake Weeroona before travelling to the 10 Pin Bowling Centre for a game. We will be back at school by 3.20pm.

---

**Message from the Principal**

A very **BIG THANK YOU** to Richard and Kylie for the weekly supply of fruit.

*The Children are enjoying it very much!!!!*
OUR BIG DAY OUT!
